

IHR NÄCHSTER KARRIERESCHRITT

Außergewöhnliche Erfolge entstehen dort, wo Leidenschaft und Expertise aufeinandertreffen.

[JETZT BEWERBEN](#)

Our client an emerging **life science technology company** at the intersection of **pharmaceutical analytics, cloud technology, and spectroscopy** is seeking an experienced CEO to lead its next phase of growth.

Chief Executive Officer (CEO)

The Role

As CEO, you will take overall responsibility for **strategy, execution, and market positioning**.

You will translate scientific and regulatory excellence into scalable, commercial success — balancing product validation, operational discipline, and controlled growth.

This role offers a unique opportunity to **shape the business model, culture, and trajectory** of a technology-driven company in the regulated healthcare sector.

The Key Responsibilities

- Define and execute a **scalable go-to-market strategy** for validated analytical solutions.
- Oversee **technology development and regulatory validation** across all product lines
- Drive **market access and B2B partnerships** within pharma, healthcare, and life sciences across Europe.
- Ensure full compliance with **GMP, ICH, and CFR 21 Part 11** standards.
- Build and lead an **agile, cross-functional team** committed to operational excellence and compliance.
- Represent the company to **investors, regulators, and strategic partners**.

The Ideal Candidate Profile

- Proven track record in **pharmaceutical analytics, spectroscopy, medical devices** or related life science technologies.
- Strong understanding of **regulatory frameworks** (GMP, ICH, CFR 21 Part 11).
- Demonstrated success in **leading early-stage or scaling organizations**.
- B2B market experience in **healthcare, pharma, or biotech**.
- Entrepreneurial drive with **hands-on leadership** and financial acumen.
- Excellent communication and stakeholder management skills in English, good command of the German language is a plus

What Awaits You

- A high-impact leadership role in a **science-driven, growth-stage organization**.
 - The opportunity to **shape technology and strategy** in a regulated environment.
 - A collaborative, purpose-driven team with strong scientific and technical expertise.
 - Long-term growth potential
- A compelling remuneration package, starting from €150k including bonus incentives and equity participation, is offered to reflect your impact and experience.

This is a **confidential executive search** led by an international recruitment partner specializing in **life science and healthcare technology leadership**.

If you are an experienced executive with a passion for science, regulation, and innovation, we invite you to apply confidentially.
